

We Squeezed This.

And Got This.

WHAT WE GOT was the freshest, straight-from-the-farm garlic juice you can imagine. Outrageously delicious.

- No fat, no cholesterol – 99.3% pure garlic juice.
- After all it's the juice in the clove that escapes and enters the food to give it that distinctive garlic flavor.
- Use it on salads, barbecues, meats, veggies and to garlic flavor soups and sauces. Kosher certified.
